

OLIVER WYMAN

Product Details

THE COMPATIBILITY COMMUNICATION SYSTEM , or CCS, gives people a way to see and share meaning.

IT is a unique system based around a set of image cards that provide people with a compact, easy and non-threatening way to uncover and talk about their lived experiences and thoughts - even tacit thoughts that they may not otherwise have discovered. Developed in Australia in 1999, the CCS has grown to become a tool of choice for professional facilitators, trainers, teachers, coaches, leaders, managers, parents and individuals in more than 70 countries worldwide.

CCS Master Kits:

IF you are a professional facilitator, trainer or T&D, L&D or management consultant, we strongly recommend that you begin with one of our CCS Master Kits. Whether you are delivering high-level strategic team processes, company-wide trainings, classroom size education programs or just want to start an important meeting in the perfect way, you need a CCS Master Kit.

Select from our range of 5 Master Kits. You can add components (now and in the future) to customise your kit as you require. Note: the number in the kit name refers to the number of CCS vision packs included in the kit - each of your participants will need to have their own CCS vision pack for most sessions.

The **CCS Master Kit 2** is a basic kit for professional coaches, counsellors and managers wishing to use the CCS to **bring depth and clarity to their one-on-one sessions.**

The MK2 is also a good starter kit for professionals wishing to get started using CCS vision packs with the added guidance of the CCS facilitator's manual 2nd Ed, and the future purchasing benefits of the Master Kit Number. It is recommended as the minimum first purchase for any serious professional coach or one-on-one practitioner.

If you would like to build your own master kit - consider starting with an MK2 and adding whatever else you need.

The CCS MK2 pack includes:

- CCS facilitators manual 2nd Ed (inc. CCS Master Kit Number)
- **2** CCS vision packs in a handy carry satchel
- 1 pack of CCS vision stickers
- **BONUS:** 'Get started right away' sticker and template kit.

The **CCS Master Kit 12** is a great starter kit for professional facilitators, managers and leaders who need to **create open, honest communication environments to support their group sessions.**

The MK12 is recommended as the minimum first purchase for professionals working with group sizes up to 12 participants. It includes enough CCS vision packs for most small group sessions and one pack of CCS vision stickers to allow you to sample their application in CCS sessions.

If you would like to build your own master kit, consider starting with this kit and add whatever else you need.

The CCS MK12 pack includes:

- CCS facilitators manual 2nd Ed (inc. CCS Master Kit Number)
- **12** CCS vision packs in a handy carry satchel
- 1 pack of CCS vision stickers
- **BONUS:** 'Get started right away' sticker and template kit.

Great value!

Our most popular first choice
with professional facilitators!

The **CCS Master Kit 24** is the ideal kit for professional facilitators who need **impressive and reliable processes to develop teams, create visions, engage adult learners, or stimulate participation and creativity**. The kit includes everything you need to carry out any of the activities from the CCS facilitators manual for groups up to 24 participants.

The MK24 is an excellent (and the most common) first purchase for professional trainers and facilitators. It gives you the tools you need to draw out open, honest communication and to give your participants an innovative way to record the choices they make.

The CCS MK24 pack includes:

- CCS facilitators manual 2nd Ed (inc. CCS Master Kit Number)
- **24** CCS vision packs in a handy carry satchel
- 1 jumbo vision pack
- 5 packs of CCS vision stickers
- BONUS: 'Get started right away' sticker and template kit.

The **CCS Master Kit 48** is the ideal package for trainers and facilitators who face the added demands of groups up to 48 participants.

Like the MK24, this kit includes everything you need to deliver **impressive and reliable team development, vision creation processes and creative adult education** with the added benefits of 48 vision packs and the unique CCS datashow software - a special Windows application allowing you to project the CCS images on a large screen.

Even if you do not regularly deliver to large groups, you are sure to find many situations when it is beneficial to be able to allow participants to take their vision packs away to carry out post-session activities (known as CCS transfer activities in the CCS facilitators manual 2nd Ed).

The CCS MK48 pack includes:

- CCS facilitators manual 2nd Ed (inc. CCS Master Kit Number)
- **48** CCS vision packs in 2 CCS carry satchels
- 1 jumbo vision pack
- 5 packs of CCS vision stickers
- 1 CCS datashow
- **BONUS:** 'Get started right away' sticker and template kit.

**Need a kit with the lot!
Everything you need to deliver
the ultimate CCS sessions.**

The **CCS Master Kit 48VM** is the ultimate CCS toolkit for professional facilitators who need **impressive and reliable processes to develop teams, create visions, engage adult learners, or stimulate participation and creativity and who regularly work with large groups**. The kit includes everything you need to deliver any of the activities from the CCS facilitators manual for groups up to 48 participants.

Importantly, the CCS Master Kit 48VM **includes the unique CCS vision manager software** (that's what the 'VM' stands for) that makes it easy for you to provide printed vision collages incorporating CCS imagery. **It is quite literally the most comprehensive and powerful way to begin using the CCS**. Representing terrific value, the package contains all you need to help your client's and teams identify, capture, record and truly live their visions.

The CCS MK48 VM kit includes:

- CCS facilitators manual 2nd Ed (inc. CCS Master Kit Number)
- **48** CCS vision packs in 2 CCS carry satchels
- 1 CCS jumbo vision pack
- 5 packs of CCS vision stickers
- CCS VisionManager for Windows software
- CCS datashow software
- **BONUS:** 'Get started right away' sticker and template kit.

CCS kits and products

The CCS self-discovery kit

TAKE a journey of self-discovery with the CCS.

Your true potential may truly be beyond words!

The **CCS self-discovery kit** gives you the essential CCS products to allow you to more fully and creatively discover your inner, tacit, knowledge. Whatever your challenge, problem or dream, the CCS self-discovery kit can help you to clearly define your thoughts and create the motivation to move forward.

"I have found the CCS cards to be an excellent communication tool, certainly from a self-discovery perspective. I have bought CCS [cards] for each of the members of my family. I have also started to use them at work for the purposes of problem solving, resolving conflict and simply getting clarification around objectives and strategies. "

HR Director

The Self-discovery kit will guide you through 3 profound self-discovery activities. You will use your CCS vision pack to discover and your CCS vision stickers and templates to record what you find:

- **The cross of life:** this popular and profound CCS activity will help you create a clear visual "balance sheet" of your personal and professional life.
- **Being remembered:** after this activity you will be holding a powerful motivating vision of the person you truly want to be.

- **Visual goals:** tap your tacit knowledge to set 5 key life goals and the steps that will help you get there.

Once you have completed these 3 enjoyable activities you will continue to use your high quality CCS vision pack to help you get clarity and focus on any issue or challenge that arises in your daily life for many years to come.

The CCS self discovery kit includes:

- a high quality 52 card CCS vision pack – containing our unique set of images, illustrations and words
- 3 sheets of CCS vision stickers to record your tacit discoveries in a memorable and impactful way
- 3 specially prepared self discovery vision sticker templates
- easy to follow CCS self discovery guide leaflet
- **SPECIAL OFFER:** Each kit also includes a FREE booklet on using the CCS for self-discovery by adult and goal achievement expert, Dr Stephanie Burns.

Individual CCS products

THE CCS is a system of paper and software-based component products. The products are packaged in varying assortments in our range of kits and you can add to these kits to customise to your needs.

Please Note: CCS jumbo vision packs and the 2 CCS software applications can only be purchased by Master Kit holders. CCS master kits.

CCS facilitators manual 2nd Edition: The definitive reference for the system and a must for all serious CCS facilitators. The manual is included in all CCS master kits. Master Kit users can purchase additional copies.

The following 2 components are available to all customers:

CCS vision packs: CCS vision packs are the foundation of the CCS. Each high quality playing-card-sized pack consists of 52 specially selected photographs, illustrations and words. Each participant is given a full vision pack to use throughout the activity.

CCS vision stickers: CCS vision stickers are used to give participants an easy, effective and permanent way to record their CCS choices in any CCS enhanced session. Stickers are often used in conjunction with vision sticker templates included in the manual and available for download from CCS World. Vision stickers are available to all customers.

Please Note: The following 3 components are only available to Master Kit holders:

CCS jumbo vision packs: Jumbo sized (30 x 19 cm) CCS vision packs a must have component in all CCS group processes and an impactful addition to CCS opener and stimulator activities.

CCS VisionManager software: The CCS VisionManager for Windows software is the only genuine way to quickly produce simple, high impact vision collages containing CCS imagery.

CCS datashow software: A display program that allows a user to call-up and display any of the CCS images on a computer monitor or projector by simply typing two keystrokes. Ideal for large CCS sessions.

Placing an Order

If you would like to order CCS products please email: david.williams@oliverwyman.com and include the following information:

- The product and quantity you would like to purchase
- The delivery address and invoice address (if different) including a contact telephone number
- If you have previously purchased a CCS Master Kit
- Your company name.

We will confirm the total order cost once we have received your enquiry.

NB: Orders received by 12pm for delivery within the UK are normally delivered by the next working day if the items are in stock.

Delivery outside the UK is on average between 5 and 7 working days.
